

The Family Flag

Easy start · Indoors · Kid can lead · Ages 5–10 · 25 min

Brought to you by Kiyah — “Look closer. Then draw what you saw.”

Design a flag that says something true about the people you live with.

WHAT YOU NEED

- A large sheet of paper
- Markers
- A ruler

BEFORE YOU START

Nothing sharp needed for this one.

How to make it

- 1 Ask everybody in the house for one word about your family.
- 2 Turn each word into a simple shape or symbol.
- 3 Choose three colors and give each one a meaning.
- 4 Arrange the symbols on the flag. Big things go in the middle.
- 5 Write the key on the back so anybody can read the flag.

TALK ABOUT IT

Whose word was hardest to turn into a shape, and how did you solve it?

TRY THIS TOO

Design a second flag for a made-up country and compare what you chose to put on each.

DID YOU KNOW? · PEOPLE & COMMUNITY

Symbols carry meaning without words. A shape on a flag can stand for an idea, a place, or a promise. Once people agree what a symbol means, it works faster than a sentence.
